Our Story

Our journey began in 2018 when I started making body products for my son, who struggled with eczema. Frustrated by the expense and complexity of commercial creams that contained unpronounceable chemicals, I turned to my kitchen. If it was safe to eat, I believed it was safe to put on our skin. What began as a personal mission to find a natural solution has blossomed into a full-fledged business dedicated to providing effective, family-friendly products. In 2022, we opened our doors to the public, sharing our passion for natural skincare with a wider audience. Our mission is simple: to create products that promote healthy skin and hair without compromising on quality or safety.

Our Expert Answers

What makes your web design different from other agencies?

At Excalibur Marketing, we focus on creating custom-designed websites that align perfectly with your brand and business goals. We don't rely on templates — every site we build is unique and tailored to provide a seamless user experience that drives results. Plus, our commitment to data-driven decisions ensures your site is not only visually stunning but also optimized for high performance and conversion rates.

How long does it take to get my website up and running?

We typically deliver your complete website within 6-8 weeks, depending on the complexity of your project. Our process is streamlined to ensure that we take the time to perfect every detail while keeping you in the loop throughout the design and development stages. You'll also get a stunning homepage mockup to approve before we proceed!

What happens if I don't like the initial design?

Weâ??re confident youâ??ll love the final design, which is why we offer unlimited revisions on your homepage mockup. If youâ??re still not satisfied, weâ??ll offer a full refund on your first payment. Our goal is to make sure youâ??re completely happy with the design before we begin building out the rest of the site.

Do you offer payment plans?

Yes! We understand that building a website is an investment, so we offer flexible payment plans to make it easier. You can break the cost into 12 manageable monthly payments, with a small upfront deposit to get started. This way, you can start benefiting from your new website while paying it off over time.
