Our Story

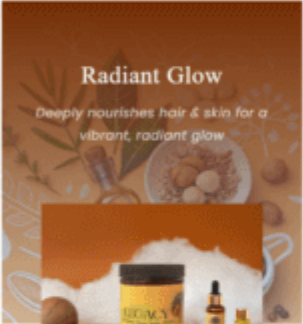

Our journey began in 2018 when I started making body products for my son, who struggled with eczema. Frustrated by the expense and complexity of commercial creams that contained unpronounceable chemicals, I turned to my kitchen. If it was safe to eat, I believed it was safe to put on our skin. What began as a personal mission to find a natural solution has blossomed into a full-fledged business dedicated to providing effective, family-friendly products. In 2022, we opened our doors to the public, sharing our passion for natural skincare with a wider audience. Our mission is simple: to create products that promote healthy skin and hair without compromising on quality or safety.

Our Expert Answers

What types of beauty businesses do you work with?

We work with a wide range of beauty professionals—salon owners, makeup artists, estheticians, skincare brands, lash techs, spa owners, beauty coaches, and more. If your business helps people feel confident and look their best, we're here to support you with a custom website.

How much does it cost to build a beauty website?

With our Pay-As-You-Go plan, you make just two small monthly payments to launch your site. There are no big upfront fees—and if you're not satisfied, your payment is refunded. You'll also get 12 months of free hosting and maintenance included.

How fast can my website be live?

Your site is typically live by Month 2. The first month is dedicated to discovery and design, including unlimited homepage revisions. In the second month, we build and launch your site.
