## Our Story

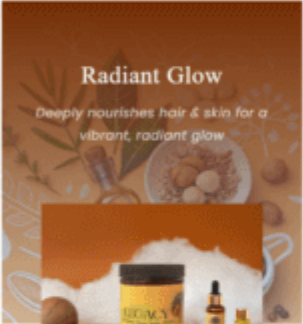

Our journey began in 2018 when I started making body products for my son, who struggled with eczema. Frustrated by the expense and complexity of commercial creams that contained unpronounceable chemicals, I turned to my kitchen. If it was safe to eat, I believed it was safe to put on our skin. What began as a personal mission to find a natural solution has blossomed into a full-fledged business dedicated to providing effective, family-friendly products. In 2022, we opened our doors to the public, sharing our passion for natural skincare with a wider audience. Our mission is simple: to create products that promote healthy skin and hair without compromising on quality or safety.
